Do none of these sites work for you?

Maybe you could host your own pick-up site! All you need is a garage and a willingness to work with us and your fellow CSA members. Perks include a deep discount on the price of your box and the opportunity to meet lots of new people. If we can recruit at least 25 members that could pick up at your place, then we have ourselves a new pick-up site! Please contact us for more information.

If you have any further questions or want more information about the farm or our CSA program, please visit our website at www.driftlessorganics.com or feel free to call us at (608) 624 3735, or email
